

| specificazioni                    |                                                    |
|-----------------------------------|----------------------------------------------------|
| Numero di parte                   | MIC2085-MBQS                                       |
| fabbricante                       | Micrel / Microchip Technology                      |
| Descrizione                       | IC CTRLR HOW SWAP SGL 16-QSOP                      |
| Categoria                         | Circuiti integrati (CI) > PMIC-hot swap controller |
| Stato parte                       | 1279 pcs Stock                                     |
| Tensione di alimentazione -       | 2.3 V ~ 16.5 V                                     |
| Digitare                          | Hot Swap Controller                                |
| Contenitore dispositivo fornitore | 16-QSOP                                            |
| Serie                             | -                                                  |
| Caratteristiche programmabili     | Current Limit, Fault Timeout, Slew Rate            |
| imballaggio                       | Tube                                               |
| Contenitore / involucro           | 16-SSOP (0.154", 3.90mm Width)                     |
| temperatura di esercizio          | -40°C ~ 85°C                                       |
| Numero di canali                  | 1                                                  |
| Tipo montaggio                    | Surface Mount                                      |
| Interruttori interni (s)          | No                                                 |
| Caratteristiche                   | Auto Retry, OVP                                    |
| Pins di caratteristica            | CFILTER, COMP+, COMP-, COMPOUT, CPOR, CRWBR,       |
| Corrente - Alimentazione          | 1.6mA                                              |
| Corrente - uscita (max)           | -                                                  |
| applicazioni                      | InfiniBand™                                        |

|                                                                                                                                                                              |                                                                                                                                                                              |                                                                                                                                                    |                                                                                                                                                                                |
